Hi Pat, you have been listed as the contact on behalf of Doyle Anderson regarding changing a couple of coordinate values on the above referenced survey. I will be happy to make the changes, and forward the affidavit to Records and Assessment for recording, but the recording fee of sixteen dollars is required prior any changes being made. It may be that someone from your office inquired of my fees for an affidavit, to which I replied there is no fee. The question of recording fees never came up, and I apologize for any misunderstanding, but of course the recording is done in a different office, and the affidavit needs to come to me for my signature.

Additionally, the renewal date has expired. The notary date is February 25, 2002, and the renewal date of Doyle's stamp is 12-31-01. Please send a corrected form, along with a check for recording, and the changes will be made.

Doyle and Vanetta, I do not believe we need to do anything more. Doyle, I believe Vanetta is asking you for verification of your license extension through 2003. Once we have that we can send it to Randy to assure him you are current. The notary stamp is appropriate for when witnessed. Then, as Vanetta has mentioned, Randy will make the necessary changes. Thanks for your quick response. Pat

Vanetta, what do you know about this? I will help if I can. It sounds as if Doyle sent in an affidavit but that a new one is required due to dated portions needing to be changed. I have copied Doyle so that we may hear additional from him to clear this up. Let me know. Pat
