Cor#592 Twp. Cor 2&3N, R10&11E

GLO Surveyor Cartee set post in Nov. 1859, and scribed four BT's. HRC found pipe and stone(JLH mentions a stone in 1904) in 1972, along with 3 orig BT's, and tagged the three orig trees and one new pine BT. HRC set brass cap in existing pipe in 1978.

This corner is apparently OK, was visited in 2001 by private surveyor.

Corner is most easily reached by walking downhill from Highline Dr. (Line up with Elliot Dr to west.)
