RESUME"

On June 10, 1972 Bobby R. Green requested this party to locate and mark the Corners of Tax Lot#1500, located in the NW $\frac{1}{2}$ Section 22, Township 1N, Range 10E, of the Willamette Meridian. Survey was commenced and completed that day.

From the County Surveyor's records only two survey maps(Ref. Oregon State Highway map-1971) indicated established property corners in the immediate area; plus the record distances copied from the Assessor's Plats. A search of the vicinity recovered several control corners necessary to perform the survey: the S.E. corner of U.S. Government Lot 4 was recorded in the County Survey Office as a 4"X4" Cedar Post, as found. A PK nail was found at the Intersection point of the Mt. Hood Loop Highway Right-of way and the South-line of lot 4, distances checked. Two 5/8" Re-bar property corners and one 3/4" pipe were used to establish the East-line of U.S.Government Lot 4.

On this basis all measurements were made and checked against the existing to the accuracy of 0.05 of a foot. A map of this work is on file in the Hood River County Surveyor's Office.
