

NEWTON SURVEYING CO.  
HOOD RIVER, OREGON

FIELD NOTES

FOR: W.O. 1051-H-72 - W. T. Edmundson - Survey of Lots 6, 7 and 10, Block B, BARRETT  
SIPMA ADDITION, City of Hood River, Hood River County, Oregon.

CREW: Norman Newton, Instrumentman  
Rich Cushman, Chainman

DATE COMPLETED: May 30, 1972

On May 23, 1972, I was requested by Mr. Bill Frederick, Hood River, to survey and set the four exterior corners of three 50'x130' lots belonging to W. T. Edmundson along the East side of 7th Street, South of Pine Street. The survey was begun by recovering an iron pipe corner monument along the East side of 7th Street at the center of the West line of Lot 15 and a rock nail at the intersection of the centerlines of 7th and Pine Streets. A monument set during a previous survey at the Northwest corner of Block B was not found and appeared to have been removed by a property owner.

The angle of the street intersection was turned and the distance between the two points was measured and found to be in agreement with that of record. Points were set along the centerline of 7th Street opposite the Northwest and Southwest corners of the three lots and from these the true corners were established. A 1/2 inch pipe was found below ground at the Northwest corner of Lot 6.

From the established Southeast corner of Lot 10 a tie was made southerly to a found 3/4 inch pipe at the center of the East line of Lot 15. The position was in agreement with that of record and both pipes found on the boundaries of Lot 15 were remonumented with more durable material for future reference.

All corners established during this survey were monumented with 5/8 inch iron rods with aluminum caps and set in concrete. Angles were measured with a Wild T-16 theodolite. Distances were measured with a 300 foot wire chain equipped with a tension handle and corrections were applied for temperature variations.

All corners found and established in the course of this survey, together with measured distances and angles are shown on the attached map, which by reference is made a part hereof.

I certify that this work was done under my direct supervision.
