FIELD NOTES:

FOR: Hanel Lumber Co., Project # 72244, survey in Section 10
& 11, T1N, R10E, WM.

CREW: A. C. Klein - Party chief
J. P. Robinson - Instrument man
J. McClain - Chainman

DATE COMPLETED: August 7, 1972

Harley Horn of Hanel Lumber Co. requested our firm to establish the East 1/4 corner of Section 10 and their property corner, which is 528' southerly from the 1/4 corner.

These points were set from information from a previously run traverse between the Southeast and the Northeast Section corners of Section 10.

A brass cap was set in the concrete slab of the banding and wrapping shed and an iron rod with aluminum cap at the property corner.

All corners found and established during the course of this survey, together with distances, are shown on the attached map, which, by reference, is made a part hereof.
