Date: March and April, 1973.

Location: In the North half of the Northwest quarter of the Southwest quarter of Section 8, Township 2 North, Range 10 East, WM.

Purpose: To locate the centerline and right of way of that portion of York Hill Road that the County purchased through the Peter J. Tillman property.

A traverse was run to locate the P. I.'s of the existing paved road. This traverse was tied into the traverse the Hood River County Survey Department had run of the west line of Said Section 8. The curves were then calculated and staked to fit the existing pavement. The right of way was staked at 16.0 feet on either side of centerline.

A plat of this survey is on file in the Hood River County Survey Office.

Respectfully submitted,

W. C. Brown
