RESUME OF SURVEY:

BY: HOOD RIVER COUNTY SURVEY DEPARTMENT

PARTY: Dick Edstrom
Allen Winans
Bill Maley
Dick Arnold

FILED

AUG 14 1973

Carlos Van Elsberg
COUNTY SURVEYOR
By _____
DEPUTY

DATE: August and September, 1969.

LOCATION: Section Line between Sections 25, and 26, T 2 N, R 9 EWM.

PURPOSE: To locate the boundary between Hood River County property and Joe Horn's property and to locate the quarter corner between Sections 25 and 26. Mr. Horn was to provide Hood River County with a road right of way across his property.

A random traverse beginning at the corner to Sections 25, 26, 35 and 36, was run to the corner of Sections 23, 24, 25 and 26. A continuation of this survey line terminated at the quarter corner between Sections 13 and 14. The traverse between Sections 25 and 26 was calculated and a temporary quarter corner was set and a true line was run from the quarter corner north to the section corner.

In July, 1973, an apparent timber trespass was discovered. The Hood River County Forestry Department requested the true line be rerun from the quarter corner to the section corner to the north. This was done and the line very closely followed the blazed line that was run in 1969. A brass cap in an iron pipe was set to replace the 2" x 2" wood stake that was set in 1969.

A plat of this section line survey is on file in the Hood River County Survey Office.

Respectfully submitted,

W.C. Brown
W. C. Brown

I certify the above survey was done under my supervision and direction.
