FIELD NOTES

FOR: Francis L. Brittain, Project #73207, in the Northwest quarter of Section 1, Township 2 North, Range 10 East of the Willamette Meridian, Hood River County, Oregon.

CREW: A. C. Klein - Party Chief
J. P. Robinson - Instrumentman
D. Robinson - Chainman

DATE COMPLETED: May 8, 1973

Mr. Brittain requested the location and establishment of the corners of tax lots 500 and 600.

In this survey it was noted that there were problems in the lines of possession, when working from the controlling monuments. The client and his lawyer were informed of this problem and the lawyer's advice was to proceed with corner establishment according to the description, noting any and all encroachments.

A further analysis of existing possession lines seemed to indicate that the iron pipe found was actually 8.5 feet East of the quarter corner. The quarter corner was then determined to be 8.5 feet West from where it was originally assumed and all property corners were moved to coincide with this determination.

All corners found and established in the course of this survey, along with measured distances and angles, are shown on the attached map which by reference is made a part hereof.
