County Survey Office  
Hood River County Oregon

RESUME of field work I performed for Higgins, Hendershot and Frazier in Section 18, T. 1 N., R 10 E, W.M. in Hood River County, Oregon, in the SE.  $\frac{1}{4}$  of said Section 18, in August of 1973.

I set up a net of triangulation stations and turned the angles 4 times and measured the base distance very close and checked base distances in the net where I could measure them on the level. I found the South  $\frac{1}{4}$  corner a  $\frac{3}{4}$  inch Bolt in the road by the old ditch and nail in anchor power pole and conforms to county tie. I found an iron pipe and Brass Cap at the Southeast corner of said Section 18. I also found an old anchor post at the S.  $\frac{1}{16}$  corner of said SE  $\frac{1}{4}$ . I ran a random traverse North and tied in a  $\frac{3}{4}$  inch iron pipe near the center  $\frac{1}{16}$  corner, then continued travers Northwest to a stone mound at the center of Section 18 as per notes on file at the County Surveyor's office. The 2 inch iron pipe was missing but I found the old witness tree stumps and set a 2 inch iron pipe. I found the remains of an old stone mound at the East  $\frac{1}{4}$  corner on the side of the hill in a rattlesnake den. I tied in this stone mound and then worked the calculations out for the division of the  $\frac{1}{4}$  Section. I then established a corner at the center  $\frac{1}{16}$  corner and drove a  $\frac{1}{2}$  inch iron pipe and turned angle on to the division line N  $88^{\circ}29'30''$  W and set a  $\frac{1}{2}$  inch iron pipe 374.45 feet on said division line, (on the North line of the SW  $\frac{1}{4}$  of the SE  $\frac{1}{4}$  of said Section 18). Said iron pipe being near but not necessarily on the East line of Highway 281.

Loren Hendershot wanted his West line established and I ran a line South lining on a point in the road to the South from the S.  $\frac{1}{16}$  corner of said SE  $\frac{1}{4}$  of said Section 18 and set a few stakes on line.

Hood River County Surveyor's Office  
Hood River, Oregon

Dear Sirs:

There was some other people that went in on the payment of this survey that should be included in this survey but I havent completed it yet so I can't show it on this drawing of my work. This is why this hasn't been recorded. Will be up there sometime next Week.

*Sincerely*

*Glenn D. Strait*
