FIELD NOTES:

Survey for Lorne Richman in Section 18, Township 1 North, Range 10 East, W.M., Hood River County, Oregon.

CREW: Robert A. Edwards, Ore. Prof. Land Surveyor #988.
Lorne Richman, Chainman.

DATE PERFORMED: December 19 & 20, 1974.

On December 18th our firm was retained by Lorne Richman to survey 2 parcels of land in Section 18, Township 1 North, Range 10 East, W.M.

We made a search of county and title company records and found two previous surveys in the area. One by Glenn D. Strait, Lic. #716 (SE 1/4 Section 18) and Tenneson Engineering Corp. W.O. #5107 (south line, Section 18).

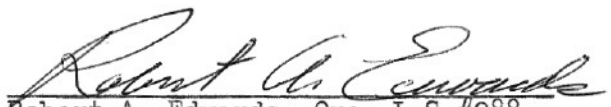

We set up on the S 1/4 corner (bolt in road) of Section 18 and ran a random traverse line to the pipe at the center of Section 18. We adjusted our bearing on the N. S. centerline of Section 18 to the bearing used by Glenn D. Strait Survey J.O. S-7016.

We then set our property corners from our N. S. traverse line.

The bearings used are based on Glenn D. Strait's Survey of Aug 1970, J.O. S-7016.

Most of the measurements were taken with our Geodimeter Model 76.

All survey monuments found or set, together with the bearings and distances of all lines surveyed are shown on Map W.O. 74167 which by reference is made a part hereof.
