Dear Sir:

It has come to my attention that an error was made in describing the point of beginning of the above mentioned survey. The distance from the southeast corner of Lot 20, Adam's Paradise Acreage to the point of beginning should have been 369.9 feet rather than 354.0 feet, as shown on the plat and in the description. The correct description should read as follows:

Beginning at the Southeast corner of Lot 20, Adams Paradise Acreage, in the County of Hood River and State of Oregon, thence westerly along the South line of said Lot 20 a distance of 369.9 feet to the true place of beginning of the tract of land herein described; thence northerly and parallel with the East line of said Lot 20 a distance of 150 feet; thence westerly and parallel with the South line of said Lot 20 a distance of 110 feet; thence southerly and parallel with the East line of said Lot 20 a distance of 150 feet to the South line of said Lot 20; thence easterly along the South line of said Lot 20 a distance of 110 feet to the true place of beginning of the tract of land herein described.

The deed should be corrected to show the true location of the point of beginning. The plat will be revised to show the correction.

Thank you.
