NARRATIVE

for

Survey in Secs. 26, 27, and 34

Twp. 1N R10E, W.M.

This survey was done at the request of the Hood River County Forestry Dept. and the U.S. Forest Service, Mount Hood National Forest.

All Section and Quarter-corners were found and accepted except for the East Quarter-corner of Sec. 34 and the South and East Quarter-corners of Sec. 26. The East Quarter-corner of Sec. 34 was reset from coordinates obtained from B.P.A. "Big Eddy-Troutdale Line" Drawing #465-02-340-D1, dated 10-26-50. Searches were made for the East and South Quarter corners of Section 26. No evidence of the original corners was found, so the positions of these two corners was calculated by single proportion.

The dark shaded lines on our plat (H.R.C. Dwg. #84054) represent lines marked with U.S.F.S. sign #54-2a affixed to fiberglass posts. In addition, trees along these lines were blazed. The interior property lines in Sections 27 and 34 were also blazed.
