FIELD NOTES: Work Order No. 6761 - FARMERS IRRIGATION DISTRICT

CREW: David L. Tuttle, Partychief
Robert L. Ulrich, Assistant

DATE COMPLETED: February 2, 1989

REFERENCE: Prior Tenneson Engineering Corporation Forebay Layout,
W.O. #6761.
Survey by William Frost, Hood River County Survey No. 84001.
Survey by William Frost, Hood River County Survey No. 85000.

In January, 1989, Tenneson Engineering Corporation was retained by Farmers Irrigation District to provide a survey of two parcels of land, being portions of Tax 3000 and 3100, Assessor's Map 2N-10-10D, said parcels being adjacent to the existing Farmers Irrigation District ownership Tax Lot 3101 of same map. From prior work done in the layout of the forebay for the generating site located on Tax Lot 3101, Tenneson Engineering Corporation located corners set for that property by William Frost, Hood River County Survey Record 84001. The corners were recovered in the field and the adjacent tracts laid out in accordance with the directions provided by Farmers Irrigation District.

Monuments found and set, with the measured angles and distances, are shown on the attached survey plat, Tenneson Engineering Work Order #6761, which is by reference made a portion of these notes.
