3890 chs. This miller run, measured ~~at~~^{at} 3.48 chs. Deton line
19.45 chs.

This map shows a detailed cadastral survey of a rural area, likely in the early 20th century. It features a 'TOWNSHIP LINE' running vertically through the center. Various roads are marked, including 'Main Street', 'Highway 20', 'Highway 21', and 'Highway 22'. Numerous property parcels are outlined and labeled with names and legal descriptions. Handwritten notes provide additional information about the land, such as 'This land is all owned and leased by C.R. Bone', 'This land is all owned and leased by L.R. Bruce', and 'This land is all owned and leased by J.A. Knox'. Specific lots are identified with labels like 'Lot 10-42-508. (U.S. 40-31-a)', 'Lot 16-41-900. (U.S. 40-31-a)', and 'Lot 10-42-508. (U.S. 40-31-a)'. The map is annotated with a variety of handwritten text, some in cursive and some in print, which appears to be surveyor's notes, property descriptions, and historical records. The overall layout is a grid-based survey with irregular property boundaries.
