-LEGEND-

With the aid of A.B. Hart the Old County Surveyor who knows the original cor. corners, I re-established part of Division Line between Nehlly Coe and Wm. Jenkins Donation Land Claims as follows:

Set up at "A" Back Sight South along established Div. Line up to Paradise Rd. Thence East 17.16 chs. North 13.45 chs. East 19.45 chs. North 3.74 chs. East 13.50 chs. to Blaze on Old Oak tree.

Point "A" Iron bar was set years ago by A.B. Hart & Surveyor from original witness trees and has been accepted by City of Hood River for ten years.

Points "D" & "F" are the Original witness trees.

Point "E" was set by me and at such a position so that Courses and Distances from "A" to "D" can not be adjusted to the ground according to original U.S. Field Notes.

Base Line is my established Line

Brown Line established by other Surveyors without consideration of existing witness trees.

Done at Hood River, Oregon, April 17, 1931.

Scale 100 = 1 inch
