## RESUME"

On June 10, 1972 Bobby R. Green requested this party to locate and mark the Corners of Tax Lot#1500, located in the NW $\frac{1}{2}$  Section 22, Township 1N, Range 10E, of the Willamette Meridian. Survey was commenced and completed that day.

From the County Surveyor's records only two survey maps( Ref. Oregon State Highway map-1971) indicated established property corners in the immediate area; plus the record distances copied from the Assessor's Plats. A search of the vicinity recovered several control corners necessary to perform the survey: the S.E. corner of U.S. Government Lot 4 was recorded in the County Survey Office as a 4"X4" Cedar Post, as found. A PK nail was found at the Intersection point of the Mt. Hood Loop Highway Right-of way and the South-line of lot 4, distances checked. Two 5/8" Re-bar property corners and one 3/4" pipe were used to establish the East-line of U.S.Government Lot 4.

On this basis all measurements were made and checked against the existing to the accuracy of 0.05 of a foot. A map of this work is on file in the Hood River County Surveyor's Office.
