DATE COMPLETED: August 6, 1971

Our firm was requested by Mr. Hoover to establish the four (4) corners of a parcel of land in the Northwest $\frac{1}{4}$, Section 3, Range ¹⁰~~11~~ East, Willamette Meridian.

The center West 1/16 was established by traversing between a 5/8 inch iron rod at the center of Section and a 2 inch iron pipe with lead plug at the West $\frac{1}{2}$ corner of Section 3, and a nail was set an equal distance between.

All corners found and established during the course of this survey together with measured angles and distances are shown on the attached map, which by reference is a part hereof.
