

SEC. 29 T.2N R.1E

78105

In 1977 the Hood River County Forestry Dept. requested a survey of all County Forest Lands in Sec. 29 T.2N R.1E W.M. The survey commenced by researching all section corners and quarter corners. Original evidence was found at all corners except the Northwest corner and the West quarter corner. A round of stone & 1 B.T. not original, were found at the Northwest corner and accepted as being the best available evidence. No trace of the West 1/4 corner was found.

All property corners were set with 5/8" Iron Rods & plastic caps, and one bearing tree was scribed at each corner. Stakes were set along all property lines & trees were blazed.

The survey was completed in June 1978.

Dick Arnold, Party Chief
