Resume'

In the summer of 1978, the H.R.C. Forestry Dept. requested a survey in Sec. 30, Twp. 15 R. 10 E, in order to determine the boundary between H.R.C. and Kate McCarthy. The line in question is the East-West centerline of the section.

All corners needed were found and accepted, with the exception of the East 1/4 corner, which was set by single proportion. The center of the section and the C.E. 1/4 were also set.

The survey was completed in the fall of 1978.
