NOTE:

Single Proportion corner has been used by all surveyors of record since the 1950s. Mary Kaye in 1911 used old staking thru E/W center of section to determine both the E/4 & W/4 of Sec. 11 (old staking by Tom (son?)). Ancient fences indicate corner should be 100' to 150' South & 50' to 100' West of single proportion corner. Dan Cron
