NARRATIVE: The Purpose of this Survey was for the location of T.L. 2100 of 3N1033. SEC. 33 has had survey problems since 1905 in that fences do not fit survey lines. In the process of this survey a 'Line Agreement', being BK 83 PG 293, was shown to me. Said 'Line Agreement' is very poorly written with obvious errors. Said 'Line Agreement' refers to a Frey, July 1965, survey. Said survey is of very little help in trying to survey said 'Line Agreement'. The description as provided for the purpose of this survey makes no mention of said 'Line Agreement'.
