

SURVEY IN S¹/₂NW¹/₄ SECTION 8, T.2 N., R.10E., W.M. - H. R. COUNTY

TRAVERSE & SURVEY NARRATIVE:
 Survey conducted during the period June 27-July 9, 1991. A closed traverse was made around the parcel shown, with ties made to the E¹/₄, W¹/₄, S¹/₄ and the SE section corner. The north edge of the section was determined from References 1 & 2 and rotated to this survey. No ties were made to the C¹/₄ corner, but see drawing notation.
 Since the date of Reference 1 four corners on this section have been repositioned, and all now appear to be correct and stable locations, except for the C¹/₄ as noted. Reference 4 was based on several corners which have since been moved, and could not be accepted, and the corners set in that survey were not searched.
