set have yellow, plastic cap
stamped "251028" affixed -

NARRATIVE: The Purpose of this Survey is to adjust existing deeds to comply with existing possession lines. Section 11 is approximately 200' short along the west line with the W/4 corner being set by single proportion. As a result of said shortage most possession lines do not fit deed lines in the area. The intent of this survey is to provide the Brock parcels a description that fits their possession lines when surveyed.
