

Basis of bearing and survey control as per DLC C.S. 9311. Basis of survey control as per TEC C.S. 78033, TEC C.S. 7547, TEC C.S. 7548, and ACK C.S. 84014.

NOTE: Iron rod (IR) monuments set have yellow, plastic cap stamped "LS 1028" affixed.

NARRATIVE: The purpose of this survey is for the LOT LINE ADJUSTMENT between existing Tax Lots 1600 and 1602 of 3N 10 34B. One will note that in this Section the West 1/4 corner was relocated in 1990 to a position 14.22 feet Westerly. Some of the lines of the aforesaid Tax Lots were created from the Pre 1990 West 1/4 corner position by TEC surveys. It is my interpretation that surveys creating lines should be retraced in relocating said lines.
